Workplace Material Handling & Safety is a monthly publication that connects facilities & operations with EHS. These responsibilities overlap between the material handling and EHS professionals. Many times they are under the same department. Our monthly subscribers include 20,000 print and 70,000 digital in the manufacturing and construction industries. We recognize the operational challenges of productivity in a plant or on a construction site and keeping workers safe at the same time no matter the facility. We will be the only publication that covers the most up-to-date productivity solutions, safety in material handling, along with current safety regulations, trends and new products in both markets. We reach industrial executives, directors, and managers that are looking to comply and protect their workers with the current equipment, supplies, and PPE gear. We are a one-stop shop for both the material handling and EHS markets so don’t wait to jump on board to reach these manufacturing and construction decision-makers. WMHS is a great opportunity to get in front of the people looking to buy your products through our many different print and digital opportunities.

Additional Solutions

Email Marketing

**Custom Email Blasts** - We will email out your sales message to our quality email list. Your blast can include links to your website and email. We can design your blast if needed. Email List Opportunities exist in the following areas: Metal Working, Printing & Graphics, Construction, Electrical Contractors, Converting, Packaging, Plastics, Material Handling, Heating, Plumbing, Air Conditioning, Refrigeration, Woodworking, Trucking, Farming, and Auto Restoration.

**Group Email Blast** - Reach thousands of buyers at once and get a faster response then you would through most other marketing campaigns. Includes a brief description of your company, your phone number and links to your email and website.

**Digital Email Blast** - An e-mail that notifies subscribers of the latest digital edition. It offers the following options:
- **Banner** - 4 available per issue.
- **Video** - 2 spots available.
- **Product Spotlight** - 4 spots available. List your company/product information, your company logo OR product image, as well as a link directly to your website.

Skyscraper Banner - The skyscraper is another prevalent form of Web advertising. Skyscraper ads, which are tall and narrow, get their name from the tall buildings you often see in big cities. They are placed to the right of the main content on the page.

They can contain text advertisement and images. When users click on a skyscraper ad, they are redirected to the advertiser’s website.

**Video over Ad** - Turn your ad in our digital edition into a live interactive experience by placing your video over your ad. When users flip the page the video will start to play automatically.
